PLATFORM OF THE

NATIONAL REPUBLICAN PARTY | PRINTING [Adopted at Cincinnati, June 15, 1876.]

When, in the economy of Providence, this land was to be purged of human slavery, and when the strength of the government of the people by the people and for the people was to be demonstrated, the Republican party came into power. Its deeds have passed into history, and we look back to them with pride. Incited by their memories and high aims for the word of our country, and mankind and the good of our country and mankind and looking to the future with courage, hope and purpose, we, the representatives of the party, the National Convention assembled, make the following declaration of principles : 1. The United States of America is a nation, not a league. By the combined working of the national and State governments, under their respective constitutions, the rights of

every citizen are secured at home and protecte

governments to the hundredth anniversary of the nation's birth, and they are now the em-bediments of the great truths spoken at its cradle—"that all men are created equal; that they are endowed by their Creator with certain inalienable rights, among which are life, lib-erty and the pursuit of happiness; that for the attainment of these ends governments have been instituted among men, deriving their just powers from the consent of the governed." Until these truths are cheerfully obeyed, or, if need be, vigorously enforced, the work of the Republican party is unfinished. 3. The permanent pacification of the South-ern section of the Union, and the complete protection of its citizens in the free enjoyment of all their rights are duties to which the Re publican party stands sacredly pledged. The power to provide for the enforcement of the principles embodied in the recent constitutional amendments is in the Congress of the United States, and we declare it to be the solemn obligation of the Legislative and Ex-ecutive Departments of the Government to put into immediate and vigorous use all their constitutional powers for removing any just causes of discontent on the part of any class, and for securing to every American citizen complete liberty and exact equality in the exercise of all civil, political and private rights. To this end we imperatively demand a Congress and a Chief Executive whose courage and fidelity to these duties shall not falte until these results are placed beyond dispute

or recall.

4. In the first act of Congress signed by President Grant, the National Government as sumed to remove any doubts of its purpose to discharge its just obligation to public creditors, and solemnly pledged its faith to make provi-sion, at the earliest practicable moment, for d States notes in Commercial prosperity, public morals and the national credit demand that this promise be fulfilled by a continuous and steady progres

to specie payment.
5. Under the Constitution the President and heads of departments are to make nomina-tions for office, the Senate is to advise and consent to the appointments, and the House of Representatives is to accuse and prosecute faithless officers. The best interests of the public service demand that these distinctions be respected, and that Senators and Represen-tatives, who may be judges and accusers, should not dictate appointments to office. The should not dictate appointments to office. The invariable rule for appointments should have reference to the honesty, fidelity and capacity of the appointees, preferring friends of the party in power for places where harmony and vigor of administration require its policy to be represented, but permitting all others to be filled by persons selected with sole reference to the efficiency of the public service and the right of all citizens to share in the honer of right of all citizens to share in the honor of ndering faithful service to their country.

6. We rejoice in the quickened conscience of the people concerning political affairs, and will

hold all public officers to a rigid responsibility, and engage that the prosecution and punish-ment of all who betray official trusts shall be speedy, thorough and unsparing.
7. The public school system of the several States is the bulwark of the American Republic, and, with a view to its security and permanders are proportion. mence, we recommend an amendment to the Constitution of the United States forbidding the application of any public funds or property for the benefit of any schools or institu

or in structions under sectarian schools.

8. The revenue necessary for the current expenditures and the obligation of the public debt must be largely derived from duties on importations, which, so far as possible, should be adjusted to promote the interest of American labor and advance the prosperity of the

whole country.

9. We reaffirm our opposition to further grants of the public lands to corporations and monopolies, and demand that the national domain be devoted to free homes for the people.

10. It is the imperative duty of the Government to modify existing treaties with European Governments, that the same protection shall be afforded to the adopted American citizen that is given to the native born, and that all necessary laws should be passed to protect immigrants in the absence of power in the States for that purpose.
11. It is the immediate duty of Congress to

investiga" "x effect of the immigration and importation in Mongolians upon the moral and mi interests of the country. and mr. / interests of the country.

12. 1 cpublican party recognize with approval the substantial advance recently made toward the establishment of equal rights for women, by the many important amendments effected by Republican Legislatures in the laws which concern the personal and property relations of wives, mothers and widows, and by the appointment of women to the superintendence of education charities and other but. tendence of education, charities and other hublic trusts. The honest demands of this class of citizens for additional rights and privileges and immunities should be treated with respectful consideration.

ful consideration.

13. The Constitution confers upon Congress sovereign power over the Territories of the United States for their government. In the excreise of this power, it is the right and the duty of Congress to prohibit and extirpate in the Territories that relic of barbarism, polygramy, and we demand such legislation as shall. amy, and we demand such legislation as shall secure this end and the supremacy of Ameri-can institutions in all the Territories. 14. The pledges which the nation has given o our soldiers and saflors must be fulfilled.

to our coldiers and sallors must be fulfilled. The grateful people will always hold those who periled their lives for the country's preservation in the kindest remembrance.

15. We sincerely deprecate all sectional feeling and tendencies. We therefore note with deep solicitude that the Democratic party counts as its chief hope of success on the electoral vote of a united South, secured the other products of these who was recently through the efforts of those who were recently arrayed against the nation; we invoke the earnest attention of the country to the grave truth that a success thus achieved would rebonor and human rights.

16. We charge the Democratic party as

16. We charge the Democratic party as being the same in character and spirit as when it sympathized with treason; with making its control of, the House of Reprensentatives the triumph and the opportunity of the nation's recent foce; with reasserting and applauding in the National Capitol the sentiments of unrepented rebellion; with sending Union soldiers to the recent proceeding Confederate. repented rebellion; with sending Union sol-diers to the rear and promoting Confederate soldiers to the front; with deliberately pro-posing to repullate the plighted faith of the Government; with being equally false and imbedle upon the overshadowing financial question; with thwarting the ends of justice by its partisan mismanagement and obstruc-tion of investigation; with proving itself, through the period of its ascendancy in the Lower House of Congress, utterly incompetent to administer the Government. We warn the country against trusting a party thus alike unworthy, recreant and incapable. unworthy, recreant and incapable.

17. The National Administration meritscommendation for its bonorable work in the
management of our domestic and foreign
affairs, and President Grant deserves the conJOB PRINTING.

Druggist,

During the past five years the public have care-fully observed the wonderful cares accomplished from the use of Vegetine. From its use many an affileted sufferer has been restored to perfect health, after having expended a small fortune to precuring medical advice and obtaining poisonous mineral medicines.

It is now justly remarked by all classes of people that Vegetine holds a higher position in the estimation of the public than any other medical compound, and it has won its great reputation and immense demand from actual merit.

Its medical proporties are Alterative, Tonic, Solvent and Diuretic. There is no disease of the human system for which the Vegetine cannot be used with perfect safety, as it does not contain any metallic or poisonous compound. It is composed exclusively of barks, roots and herbs: It is very pleasant to take; every child likes it. It is safe and reliable, as the following evidence will show:

VALUABLE EVIDENCE The following unselicited testimonial from Rev. T. Waiker, D. D., formerly pastor of Rewdoin quare Church, Boston, and at present settled in rovidence, R. L., must be deemed as reliable evi-cuce. No one should fail to observe that this testidence. No one should fail to observe that this testi-monial is the result of two years' experience with the use of Vegetine in the Rev. Mr. Walker's fam-ily, who now pronounces it invaluable: PROVIDENCE, R. I., 164 THANSIT STREET. H. R. Stevens, Esq.; H. R. Stevens, Esq.:

I feel bound to express with my signature the high
value I pince upon your Vegetine. My family have
used it for the last two years. In nervous debility
it is invaluable, and I recommend it to all who may
need an invigorating, renovating tonic.

Formerly Pastor of Bowdola Square Church, Boston.

A Walking Miracle.

Mr. H. R. Sterens:

Dear Sir: Though a stranger, I want to inform you what Veretime has done for me.

Last Christmas Scrofula made its appearance in my system—largely rouning ulcers appearing on me, as follows: One on each of my arms, one on my which the control of the control of the control of my arms, one of my white the limb, though upon consultation concluded not to do so, as my whole body was so fail of Scrofula; they deemed it advisable to cut the sore, which was painful beyond description, and there was a quart of matter run from this one sore.

The physicians all gave me up to die, and said they could do an more for me. Both of my legs were drawn up to my seat, and it was thought if I did get up again I would be a cripple for life.

When in this condition I saw Vegetine mivertised, and commenced taking it is March, and followed on with it until I had used sixteen bottles, and this morning I am going to plough eorn, a well man. All my townsmen say it is a mirried to see me armound them. I will add when I was enduring and part to the condition. I will add when I was enduring she great suffering from that decadful discuss, Serofula. I prayed like Lord above to take me out of this world, but as Vegetime has restored to me the blessings of health, I desire more than ever to live, that I may be of some service to my fellow-men, and I know of no better way to ald suffering humanity than to inclose you this statement of my case, with an earnest hope that you will publish it, and I will afford me pleasure to reply to any communication which I may receive therefrom.

I am, sir, very respectfully.

Reliable Evidence.

Mr. H. R. Stevens:

DRAR SHEL WILL most cheerfully add my testimory who great number you have already received in favor of your great and good medicine. Vegetine, for I do not think enough can be said in his praise, for I was troubled over thirty years with that dreadful disease, Catarrit, and had such had coughing spells that it would seem as though I could never breathe any more, and Vegetine has cured me; and I do feel to thank Good all the time that there is se good a medicine as Vegetine, and I also think it one of the best medicines for coughs and weak, sinking teelings at the stomach, and alvise everybody or make the Vegetine, for I can assure them it is one of the heat medicine as that ever washing I come? the cere memeries for coughs and weak, sinkin feelings at the stomach, and advise everybody toke the Vegetine, for I can assure them it is one of the best medicines that ever way.
